Sudden death

Overzealous judicial intervention is no answer to bad governance in sports bodies.

The suspension of the All India Football Federation (AIFF) by world governing body FIFA represents a depressing low in the annals of Indian sporting history. The collective euphoria over the nation’s fine performance at the Commonwealth Games was yet to fully die down when FIFA, late on Monday, wielded the sledgehammer citing “undue interference by a third party”. The third party in question was the Supreme Court of India-nominated Committee of Administrators (CoA), formed in May to temporarily assume charge of AIFF and finalise a new constitution after the previous executive committee was deemed to have overstayed its tenure. The bone of contention was CoA’s decision to give players 50% representation — with voting rights — in the new AIFF Executive Committee, on a par with State associations. FIFA’s recommendation was 25% and it duly suspended AIFF, much to the chagrin of the CoA, which on Tuesday said that a middle ground was close to being found. The Court has now tasked the Union Government to engage with FIFA to break the logjam so that India does not suffer the ignominy of losing the hosting rights to the U-17 Women’s World Cup in October. In addition, India’s international friendlies, participation of its clubs in international competitions — Gokulam Kerala FC in the AFC Women’s Club Championship and ATK Mohun Bagan in the AFC Cup — and developmental funds from FIFA and the Asian Football Confederation are all under threat.

It may be argued that the CoA was overzealous in what prima facie appeared a good-faith attempt to make players equal stakeholders in AIFF. But what is undeniable is the role of the erstwhile AIFF establishment, led by president Praful Patel, in triggering the crisis by holding on to power well past the 12-year tenure sanctioned by the National Sports Development Code of India, 2011. Violation of norms concerning membership, age-limits and tenures as prescribed in the Sports Code is rampant in Indian sports; table tennis, hockey and judo have all been placed under court-appointed administrators in 2022. On Tuesday, the Delhi High Court brought the Indian Olympic Association under a CoA, relying on the Supreme Court order in the AIFF matter. If one has to knock on the doors of the higher judiciary to enforce a government-mandated code adopted for the overall benefit and health of the sport, it points to a sorry state of affairs. At a time when India is diversifying its sporting culture and producing newer champions, it can ill-afford administrators who bring the very game they claim to be custodians of into disrepute.

Direction: Read the passage given below and answer the following questions.

(The Hindu Editorial: Injury time – July 21, 2022)

Indian cricket donning whites failed (A) in England but in the blue shade, Rohit Sharma’s men found success in the subsequent limited (B) overs jousts. After the long delayed (C) fifth Test ended in defeat at Edgbaston, the Twenty20i and ODI series that followed (D) revealed a squad more at home within the __________11_________ versions. The Men in Blue won both sets at an identical margin of 2-1, showing a game-awareness that was missing in the lone Test. Hardik Pandya’s all-round show at Southampton’s Rose Bowl helped India win by 50 runs in the opening T20i and seemingly a winning template was being set. The next clash was pocketed too with batter Ravindra Jadeja and seamer Bhuvneshwar Kumar bruising Jos Buttler’s men. And even if the third match, of mere academic interest since the series was already sealed, was lost, there was much to savour for the Indian fans as Surya kumar Yadav’s 55-ball 117 was rated as a classic. Through the series India found new heroes even if the established stars like skipper Rohit or Virat Kohli were not at their __________12_________ best. That India could tide over such __________13_________ showed that the unit’s bench strength was adequate and could tackle any crisis. In a cricketing year that is __________14_________ towards
the ICC Twenty20 World Cup in Australia during October and November, the latest triumph in the shortest format augurs well.

Openers Rohit and Shikhar Dhawan remained unbeaten to secure a comprehensive victory. (1)/ Rohit’s men had a rollicking start in the ODI series with spearhead Jasprit Bumrah’s six for 19 ambushing England at London’s Oval. (2)/ The bandwagon then rolled into Manchester with its Curry Mile and overwhelming sub-continental flavour and India felt at home. (3)/ Even if the extended London sojourn turned sour as the next clash at Lord’s went downhill once Reece Topley grabbed six wickets, India remained the favourite to clinch the series. (4)/ Perhaps history offered some happy clues too as it was also a week that celebrated the 20th anniversary of the famous NatWest Triumph at Lord’s. Nostalgia ushered in images (A)/ of Mohammad Kaif, Yuvraj Singh and a Sourav Ganguly waving his shirt (B)/ like a man possessed. Out in the middle during a tough chase, centurion Rishabh Pant and Pandya (C)/ replicated what Kaif and Yuvraj did two decades ago, and India could leave Old Blighty on a winning note (D). But beneath the champagne and smiles, worries lurk. Kohli looks a pale shadow and injury woes continue to affect the team’s composition. K.L. Rahul missed the tour due to a surgery and even as the Indian squad gets ready to tour the West Indies, getting a fit core group together in time for the trip Down Under will remain a constant worry for the selectors.

Explanations

4. **Fork out** (phrasal verb) – Pay money for especially reluctantly.

5. **TQPRSUS**
   After mooting the 'delicensing' of power distribution recently, the Centre appears to be having second thoughts on the idea after objections from some States. This might actually not be such a bad outcome. A move to open up the distribution sector in a big way must be preceded by more detailed consultation with stakeholders. There can be no denying that power sector reforms have made some progress in recent years, but the State-owned distribution sector, which accounts for 90 per cent of power distributed, is still hobbled by dues of over Rs. 1 lakh crore. This is not the least because of irrational tariffs and aggregate 'technical and commercial' losses of over 24 per cent. The draft Electricity (Amendment) Act, 2022, marks an effort to clean up the distribution sector by enhancing open access provisions.

6. 'about' का प्रयोग Superfluous (अनावश्यक क्योंकि है औरइसे हटना पड़ेगा ('describe + something + to +somebody' का प्रयोग होता है, जैसे-
   i. He described everything to me

   ➢ Use of 'about' is superfluous and has to be removed as 'describe + something + to +somebody' is used, eg-
   i. He described everything to me.

7. 'Since' के बदले ‘Though’ का प्रयोग होगा क्योंकि 'Since' का प्रयोग 'चूँकि' के अर्थ में Conjunction of Reason के रूप में result को प्रधानता बताने के लिए होता है जबकि Though/Although का 'यद्यपि' केअर्थ में Conjunction of Contrast के रूप मेंदो विपरीत परिस्थितियों का बोध कराने के लिए; जैसे-
   i. Since it is December, it is too cold.
   ii. Though he is rich, he is dishonest.

   ➢ 'Though' will be used instead of 'Since' because 'Since' is used in the form of Conjunction of Reason in the sense of 'Since' to give precedence to the result whereas 'Though' of Thought/Although To make sense of two opposite situations as in the Conjunction of Contrast; like-
   i. Since it is December, it is too cold.
   iii. Though he is rich, he is dishonest

Rohit’s men had a rollicking start in the ODI series with spearhead Jasprit Bumrah’s six for 19 ambushing England at London’s Oval. Openers Rohit and Shikhar Dhawan remained unbeaten to secure a comprehensive victory. Even if the extended London sojourn turned sour as the next clash at Lord’s went downhill once Reece Topley grabbed six wickets, India remained the favourite to clinch the series. The bandwagon then rolled into Manchester with its Curry Mile and overwhelming sub-continental flavour and India felt at home.

17. **Rollicking** (adjective) – Exuberantly lively and amusing.आनंदमचान वाला

According to the given options only (i) is contextually correct.

19. In the statements given, while the statement I mentions a decision taken by the government, the statement II describes its effect on the economy. Applying the elimination technique, let’s check the relevance of each of the options one by one.

**Possibility 1.**
With a view to imparting a fillip to consumption demand and economic growth, the Cabinet has decided to raise salaries and pensions for more than one crore government employees and pensioners by implementing the Seventh Pay Commission’s recommendations. Though the above synthesis is grammatically correct, it would imply an absurd meaning, if comprehended. A government is least likely to raise salaries of its employees with a view to creating an economic growth.

**Possibility 2.**
The Cabinet’s decision to raise salaries and pensions for more than one crore government employees and pensioners by implementing the Seventh Pay Commission’s recommendations will impart a fillip to consumption demand and economic growth.
Clearly, the above synthesis is also both grammatically and contextually correct. This eliminates option B as well.

**Possibility 3**
Whereas the decision will impart a fillip to consumption demand and economic growth, the Cabinet has decided to raise salaries and pensions for more than one crore government employees and pensioners by implementing the Seventh Pay Commission’s recommendations.
Or
Whereas the decision by the Cabinet to raise salaries and pensions for more than one crore government employees and pensioners by implementing the Seventh Pay Commission’s recommendations, it will impart a fillip to consumption demand and economic growth. We can observe that neither of the above two sentences constructs a meaningful synthesis. Clearly, option A is the correct answer.
